## EDUCATION

### Rutgers Business School

*B.S. in Finance and Data Science*

**New Brunswick, NJ**

Expected May 2029

- **GPA:** 3.594 / 4.0; ACT: 35/36
- **Honors:** Dean's List (all semesters)
- **Relevant Coursework:** Management Skills, Intro to Microeconomics, Intro to Macroeconomics, Financial Accounting, Intro to Marketing

## PROFESSIONAL EXPERIENCE

### Gruham Indian Kitchen

*Server*

**Freehold, NJ**

August 2025 – Present

- Manage client-facing service for 15–20+ tables per shift at a high-volume restaurant, coordinating order accuracy and kitchen timing to sustain turnover during peak rushes on 120+ cover nights.
- Apply real-time problem-solving to resolve guest complaints for a 5-server team, making order correction and comping decisions and following up to protect guest satisfaction and repeat business.
- Reconcile nightly cash and card sales against POS records, resolving discrepancies before close-out to reduce end-of-night balancing issues; entrusted by management with the register on 5+ shifts.

### Lakshmi Signatures Inc

*Accountant*

**Monroe Twp, NJ**

April 2024 – Present

- Hold full accountability for reconciling 600+ monthly transactions and \$7,000+ in cash flow against bank statements, maintaining the ledger at 100% accuracy with zero unresolved discrepancies.
- Conducted Excel-based financial analysis of product margins and inventory costs for 300+ clothing SKUs, advising the owner on pricing and restocking changes that increased overall margins by 4%.
- Calculate monthly commission payouts from 600+ sales transactions, tracking sales performance and tying each payout to reconciled ledgers to ensure timely, accurate compensation for the owner.

## CAMPUS AND COMMUNITY INVOLVEMENT

### Little Investment Bankers of Rutgers (LIBOR): Bender Trust Stock Pitch Competition

**New Brunswick, NJ**

*Team Lead, Group 52 – Seagate*

October 2025 – December 2025

- Led Group 52 in the Bender Trust Stock Pitch Competition, pitching a Strong Buy on Seagate (STX) at a \$321–\$473 implied share price (14–69% upside) via comparable company analysis against 4 peers.
- Built a channel-based revenue model for OEM, distributor, and retail under bull, base, and bear cases, projecting base-case revenue from \$9.1B in 2025 to \$19.5B by 2030 (\$16.3B–\$23.2B range).
- Collaborated with teammates to build a projected income statement forecasting base-case EBITDA growth from \$2.1B to \$3.7B, benchmarking valuation via EV/EBITDA, EV/Revenue, and P/E multiples.
